## NV Kiona NYX

---

Made from a combination of the 2018 and 2019 vintages and composed mainly of Mourvèdre, the NV NYX was blended with 24% Grenache and 8% Syrah. Displaying a medium ruby core, the nose offers elements of wild strawberry and cherry skin and dusty florals. Medium to full-bodied, the wine compresses on the palate, revealing a tight mineral tension with iron elements before firm tannins grip the gumline. The red blend concludes with a firm, lingering tannic edge and a slightly spicy finish. Only 300 cases were made.
