Kiona Vineyards Estate Bottled Merlot 2022

POINTS

John Williams and Jim Holmes were the first to plant vines on Red Mountain in the Columbia Valley of Washington State in 1975, establishing Kiona Vineyards.

This Merlot is from four distinct blocks on the winery's Estate Vineyard — which is the oldest in the AVA — as well as three other surrounding plots.

It has a savory nose with wild berries, coffee, and pepper with a slight hint of dense, aged balsamic. The palate is very balanced with soft, slightly viscous fruit and amazing acidity that supports the fruit depth while providing refreshment. The seamless nature of this wine is just incredible. You will love it.
