

NINE HATS WINES

Winery Overview	<p>Launched in 2007, Nine Hats was inspired by Long Shadows' team of nine internationally renowned vintners. A decade later, the portfolio now stands on its own, with a <i>tip of the hat</i> to those who first envisioned it.</p> <p>In the beginning, there was one Nine Hats wine, a red blend created from Long Shadows' declassified barrels to support the winemakers' ongoing, strict selection process for their signature wines. The overwhelming success of the Red Wine led to the expansion of the brand and Nine Hats has come out of the "shadows" to assemble a portfolio of nine uniquely sophisticated wines. The wines are made in Walla Walla and are styled for quality and everyday enjoyment.</p>
